Re: Crafton Moore v. State Farm Fire and Casualty Company  
*Eastern District of Wisconsin Case No 18-CV-00539*

Dear Judge Joseph:

We represent State Farm Fire & Casualty Company in the above-reference matter. We write to formally request an extension of the deadline to file the 26(a)(3) submissions, inclusive of the proposed Special Verdict, proposed Voir Dire, proposed Jury Instructions and Motions in *Limine*. We have conferred with Attorney Nathaniel Cade, who does not oppose an extension as follows:

- The Parties have until January 14, 2020 to file all 26(a)(3) submissions, inclusive of the proposed Special Verdict, proposed Voir Dire, proposed Jury Instructions and Motions in *Limine*.
- Any opposition to the Rule 26(a)(3) submissions are due January 20, 2020.

The remaining dates on the Court's June 25, 2019 Order [Doc # 42] will remain unchanged. Should the Court need any additional information to address our request for an extension, please do not hesitate to contact us.

Very truly yours,

April K. Toy
